Buying at Auction

Information is Power. And We Deliver it, Personally.

You can't make good purchase decisions without knowing all the facts. That's why we provide details for all of the equipment in our auctions. You can see equipment details online and in our auction brochures. But sometimes the real information requires a personal touch. If you have a question about a piece of equipment, we want you to call on us. We have the mechanics and knowledgeable staff to be your eyes and ears when you can't be there. We will happily go out to the yard and check out equipment for you. We'll send you additional photos or even help you bid at the ramp on a cell phone. We will always give you the help you need - to make the right decisions.

All Equipment and Titles Guaranteed Free and Clear.

When you bid at WCA, you don't have to worry about your purchases having any liens or encumbrances. At WCA, you can buy with confidence, knowing we have completed and arranged to make any necessary payoffs and we stand behind every item we sell.
